

COUNTY OF LOS ANGELES

Fire Rebuild Self-Certification Program

GIBBS Architects – Kurt Gibbs, AIA, CA #22275

GIBBS Architects is proud to participate in the County of Los Angeles Fire Rebuild Program, offering expedited architectural services through the Self-Certification process.

Official Self-Certification Statement

Kurt Gibbs, AIA (California Architect License #22275), is a registered and licensed architect in good standing with the State of California and is authorized to participate in the County of Los Angeles Department of Public Works (LACoDPW) Self-Certification Program.

Under this program, GIBBS certifies that all plans and specifications prepared by his office comply with applicable building codes, zoning regulations, and relevant provisions of the Los Angeles County Municipal Code. This self-certification allows for an expedited plan check process to support timely rebuilding efforts following fire-related losses.

What This Means for You

- Faster plan approval timelines
- Streamlined permitting process
- Direct accountability from a licensed architect
- Reduced delays during critical rebuilding phases

Our Commitment

GIBBS Architects is committed to delivering safe, code-compliant, and high-quality architectural solutions while helping clients navigate the rebuilding process efficiently and confidently.
