FREE REBUILD COST ESTIMATES FOR FIRE VICTIMS

We understand how overwhelming rebuilding can feel after losing a home to fire.

No cost. No obligation. Just help.

GIBBS CONSTRUX is offering **FREE rebuild construction cost estimates** for homeowners who need documentation to support their insurance claims.

Your estimate will be prepared by a **licensed California contractor** and can help you negotiate a fair and accurate settlement with your homeowners insurance carrier.

Our team can also assist, if requested, by communicating with your insurance company to help explain the estimate.

This service is provided free of charge as a way for **GIBBS** — serving the architecture and construction industry since **1934** — to give back to our community during this difficult time.

Licensed Contractor: GIBBS Construx **California License #:** 1053572
